

Mary Carr Has Six Children

"SILVER WINGS" WILLIAM FOX SPECIAL PRODUCTION

"Will you take my card up to Mrs. sweetly? Why certainly. I'm Mrs. Carr." I requested of the bell boy in a "Carr." Then I told her that my mission modest apartment over on Riverside in life was to find out how long she had been in the movies, how she came to be in them, how long she intended to remain in 'em, how many kids she had, and a lot of other stuff that the boss told me to find out when he sent me up there to get this story.

"Mister you don't need to send up no card to that fine little lady, just go right up and ring the bell, maybe she'll answer the door herself or maybe it will be one of her interesting children," was the quickly reply, so I sauntered on up and punctuated the button.

Say folks I saw "Over the Hill" and another picture that Mary played in and honest to goodness, I expected to see a real old dame of about sixty-five summers, and when that door opened and I realized that that little blue-eyed lady smiling at me was Mary Carr herself you could have knocked me for a row of canary wings. I couldn't get my old soup inhaler to work at all, for at least a minute and a half, I was that surprised.

Finally I got my bearings and with the old gag of "Can I see Mrs. Carr," this dear little lady with a smile that knocks you off your feet, replied real

it will remain for three days.

AMARILLO WILL KEEP WEEK OF FIRE PREVENTION

October 2 and 3 inclusive, is the prevention week. Mayor Len D. Marrs has issued the following proclamation regarding observance of this week in Amarillo:

"October 2nd shall be designated as Fire Prevention week, which shall be universally given special attention by every man and woman who owns or occupies a residence or business house in the city of Amarillo. I sincerely request the full and complete co-operation of every man and woman and family that is either associated with and situated as owner, tenant or user of such premises. I especially call attention that you should all people who occupy any part of the premises included in this proclamation, and most especially does this apply to the children who are naturally inclined to play upon the uses of other people and in yards and houses situated on premises."

This matter is of such importance that I request the active interest and cooperation of "military committees" of every organization and civic society in the city of Amarillo. I would respectfully request our daily papers to give articles of a campaign nature on fire prevention. I most especially request the schools of our city to undertake to give this matter all the attention and publicity that might be afforded to the safety or protection of property or life. May I suggest essays by the children and speeches from your corps of mothers, to give instructions in these matters to the pupils, impressing upon them the importance of being thoroughly acquainted of the necessity in "Fire Prevention."

I therefore proclaim October 2nd to October 8th "Fire Prevention Week," and respectfully request that all citizens of the city interested in these matters observe the request herein made for the

protection of the homes and business houses of our city against losses that might occur if otherwise this proclamation should not meet with your hearty approval and cooperation.

LON D. MARRS, Mayor.

Valentine Faces Real Bulls.

Real Spanish fighting bulls were transported from Spain to Hollywood via Mexico for the sensational bullfight scenes of "Blood and Sand." Rudolph Valentino's first Paramount star picture which will be shown at the Mission theatre next Thursday for two days. They are said to have differed from the domestic variety as "Man-o'-War" differs from the humble truck horse. Running wild from birth on lonely ranches, shaped in black boxes to continue their evolution from mankind, they entered the arena with only the elemental instincts of wild animals, to kill and destroy any one daring enough to face them.

What may happen to the modern jazz girl in her pursuit of pleasure-at-any-cost, is vividly portrayed in William de Mille's latest Paramount Picture, "Nice People," which will be shown at the Mission Theatre for two days, beginning Monday next.

The producer has achieved the unique distinction of presenting a vital problem of today in a manner that is entertaining, amusing and artistically perfect.

VICTORIA Sept. 23—All telephones in the business section of Victoria are to be placed under ground. Work on other improvements which will provide additional facilities where suggested conditions exist has already begun.
